and they show the effect of unnatural sufferings—of headaches, back-aches, dizziness, hot flashes, pains in lower limbs, pains in groins, bearing-down sensations.

These symptoms indicate that Nature needs help. Overwork, wrong dressing, lack of exercise, and other causes have been too much for nature—and outside aid must be called upon to restore health and strength.

Dr. Pierce's Favorite Prescription

The Vegetable Remedy for Women's Ills that relieves nervous exhaustion and irritability and removes other distressing symptoms due to disturbed conditions of the delicate feminine organism.

For over forty years it has been used with more than satisfaction by the young, middle-aged and the elderly—by wives, mothers and daughters. You will find it of great benefit. HOGWALLOW NEWS.

(By Dunk Botts, our Regular Correspondent.)

A stranger was here this week. He was peddling territory for a patent chicken rooster, and sold Fletcher Henstep one-half of the United States for five dollars. Fletcher bought himself the half west of the Mississippi river, so that he could get the Rocky Mountains in the deal.

Miss Fruzze Allsop sang another song at the Dog Hill church last second Sunday. While there is not much of a demand during the present financial depression over the United States for vocal music nearly everybody in the auditorium applauded except those residing in hollering distance of her home.

Washington Hooks is thinking about moving from Hogwallow to the Cliff Ribs neighborhood. The people in that section, he says, are much better than those living around here as he has been living here long time and knows them and does not know anybody very well up there.

Raz Barlow says pigs feet are good but in eating them you have to cover a lot of territory to get any results. The mail carrier got in today very tired as he had a lot of long letters to bring.

The deacons of the Dog Hill church have appointed Ellick Hellwanger and Sidney Hooks a committee to go up close to the yellow jacket's nest at the church.

Poke Easley has been making improvements around his place this week, principally in the improvement of his martin-box on the tall pole out by the horse-lot fence. In order to properly repair this martin box on the inside he had to rebuild it large enough for him to get inside.

The old well that is used of all the plays that come to Tickville opera house, has been moved outside, while building is being put back in order

STEADFAST CONFIDENCE

The Following Statement Should Form Conclusive Proof of Merit to Every Tazewell Reader.

Could stonger proof of the merit of any product be desired than the statements of grateful endorsers who say their confidence has been undiminished by lapse of time? These are the kind of statements that are appearing in local papers for Doan's Kidney Pills. They are true and confirmed with new enthusiasm. Can any reader doubt the following? It's from a resident of Abingdon.

J. B. Bish, Henry's Addition, Abingdon, Va., says: "I willingly vouch for the merit of Doan's Kidney Pills. For a week I was unable to work, owing to lameness across my back. The kidney secretions were hard to retain and my bladder was affected. Since I used Doan's Kidney Pills, these complaints have been wonderfully relieved."

A SECOND STATEMENT. Later Mr. Bish said: "Every word of my former endorsement of Doan's Kidney Pills still holds good. My kidneys have been normal during the past two years."

WATER-GLASS FOR PRESERVING EGGS.

One of the best methods of preserving eggs is to place them in a solution of water-glass or sodium silicate. This is a transparent liquid that looks like thin, strained honey. It covers the shell of an egg with an impervious coating of glue and prevents the entrance into the egg of bacteria laden air, which would render the egg unfit for food. Eggs treated with water-glass can be kept in good condition for nine months, provided they are perfectly fresh when placed in the solution.

Procure a five-gallon glazed earthenware crock with cover, the glazing being to prevent absorption of the solution. Buy a quart or more of sodium silicate or water-glass at the drugstore. Thoroughly rinse the inside of the crock and its cover with boiling water to kill any germ life that might be there. Boil three or four gallons of water and allow to cool. When cold, make a mixture of nine parts of this water and one part of the water-glass.

Fill the crock two-thirds full with the preserving mixture. As the eggs are gathered daily, put them into the crock. Do not keep eggs several days before putting them into the water-glass, as it is very important that the eggs go into the crock the day they are laid. Eggs must on no account be washed and all cracked eggs and those with very thin shells that might be broken must be discarded.

Eggs may be added daily until the crock is about three-fourths full, bearing in mind, however, that at least one inch of liquid must always be above the top layers of eggs. Place the cover on the crock and set it in a moderately cool place to prevent excessive evaporation of the liquid. Examine the eggs from time to time and add more boiled water if it is needed to keep the solution an inch or more above the layer of eggs—Home and Farm.

THE OLD BLACK BOTTLE.

But there are the poorhouse and paupers, in sorrow are sighing and moaning and swatting the flies; no pride in the past and no hope in the morrow, they are all remote from humanity's ties. Yet once they had pride and wholesome ambition; they looked to the future as bravely as you; what guided their feet to this present condition? Just search for the bottle, and you'll have a cue.

The peelers are busy, consistently jailing the homeless and idle, the fools and the knaves, and down in the dungeons the victims are wailing, while over the courthouse our bright banner waves. Oh, why do the jails in these prosperous regions forever be filled with this purposeless crew?

And why are the criminals counted by legions? Just search for the bottle, and you'll have a cue.

And here are sad women, worn mothers who've spoken the words, all reluctant, that gained them divorce; the dreams they once dreamed are all shattered and broken, the talk of their loving has finished its course. And once they were brides, and were lovely and blooming and trusting in men they imagined were true, then why are they plunged in a sorrow consuming? Just search for the bottle and you'll have a cue.

The hundreds of children we meet in our walking, deprived of their birthright, the joy of their years; sad children who dwell in environments shocking, old children whose faces

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

"I cannot tell you how I suffered with my head, and with nervousness and womanly troubles."

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know many thousands of other weak women in the past 50 years.

A slight-of-hand show was the attraction at the Wild Onion school house Saturday night. The man doing the tricks was very shrewd, and the Deputy Constable, who shadowed him all through the performance, threatened to arrest him for deceiving the public.

Cricket Hicks, who some time ago was mentioned in this column as having given up his job of asking people to come in when they came to the postoffice, has invaded musical circles, and has accepted a position ringing the bell at the Hog Ford church and holding music for the bass fiddler of the Excelsior Fiddling Band. In the latter task he gets no salary, there being plenty of glory in it, as everybody will see him every time the band plays

A WONDERFUL HEALING INFLUENCE IN KIDNEY TROUBLES.

Year and a half ago I was taken with a severe attack of kidney trouble that pained me to such an extent that morphine had to be given me. Was attended by a doctor who pronounced it as Stone in the bladder and prescribed Lithia Water. I took lithia for some time and received no relief from same. I stopped taking medicines for some time, later having some Swamp-Root in the house decided to try it and felt much relieved. While taking the second bottle commenced to pass gravel in the urine until I had passed in all at least a half dozen or more and have not suffered the slightest since, and in all have taken one bottle and a half and feel very grateful to Swamp-Root.

Yours very truly,
H. W. SPINKS,
Camp Hill, Ala.

Appearing Prosperous Pays

A certain aristocratic beau, who was known to be habitually "broke" was asked one time, "How do you manage to wear those nobby clothes?" to which he replied, "By stopping at the best hotel." When asked how he managed to stand off a hotel, he replied, "Why, that's simple! By wearing pretty clothes and appearing prosperous."

This, of course, is not a good rule to follow yet there is a lot in looking and appearing prosperous and up-to-date.

If you are writing letters to prospective customers on plain, cheap paper and with a pencil, you don't look prosperous and up-to-date. I know of nothing that pays more on the investment than attractive stationery, ink, fountain pen and a typewriter.

The increased orders will soon pay the price of such things. Try and see.

Straightened him out

J. P. Jones Boothe, Ark., writes: "I had a severe case of kidney trouble and could do no work at all. Foley Kidney Pills straightened me out at once. The same story is told by thousands of others; weak back, rheumatism, kidney and bladder troubles yield quickly. Safe and effective."

If you check up the number of bottles used you will find Foley's Honey and Tar in greater demand than any other cough medicine. It is a safe, prompt and effective for colds, croup, hoarseness, bronchial coughs, throat trouble and lagrippe. It contains no opiates and is the perfected cough medicine for children.

Knockers, Look Out! Prosperity Wave Will Run Over You.

New York, April 10.—Secretary of the Treasury William G. McAdoo declared, in a letter read this evening at the dinner of the Westchester county Democratic Club, that the Republican leaders are trying to convince business men that business is in a slump, when as a matter of fact, it would be just as easy to stem the tide of the ocean as to hold back the wave of prosperity at hand.

William Church Osborn attacked the Republican leaders in the State as vigorously as Mr. McAdoo attacked those of the nation. Mr. Osborn spoke of the hypocrisy and betrayal to sneer at interests which those at Albany have been guilty of, and said that the "spendthrift crew has already dissipated the rich inheritance they received from their Democratic predecessors."

The dinner was really a harmony dinner for Wilson Democrats, and of the big Federal officeholders of the city and state were present.

TEN WEEKS IN BED—EMINENT PHYSICIANS FAILED—WONDERFUL RECOVERY.

I wish to inform you of the great benefit I derived from the use of Swamp-Root. I had been a sufferer for more than twenty years from kidney and liver trouble and was almost constantly treated by the most eminent physicians who could only give me temporary relief. I had been in bed ten weeks when I began the use of Swamp-Root. In a side of twenty-four hours I could see that I had been greatly benefited. I continued to use Swamp-Root until I had used several bottles when I really felt that my old trouble was completely cured and I am positive that any person suffering with kidney or liver trouble can be cured by the use of this preparation.

I am now in the best of health, better than I have been for ten years or more. I do not know how to express myself as strongly as I desire in favor of Dr. Kilmer's Swamp-Root, as I am sure that it saved my life and that my good health is due entirely to this great remedy. I heartily recommend it to every sufferer and am confident they can be benefited as I have been. It is a pleasure for me, gentlemen to hand you this recommendation. MRS. H. J. PRICE.

THE WATER CURE. "My friends," I fervently exclaimed one of the temperance spell-binders in a recent campaign for local election, "if all the saloons were at the bottom of the sea, what would be the inevitable result?"

And from the rear came the answer, "Lots of people would get drowned."

Some Forms of Rheumatism Curable. Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Rheumatic Headaches, Sciatic Rheumatism and Lumbago. All of these types can be helped absolutely by penetrating some good liniment that penetrates to the seat of the trouble. Liniment two or three times a day to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic Pain, because it penetrates to the seat of the trouble, soothes the affected part and draws the pain. "Sloan's Liniment is all medicine." JUST A REMINDER.

When the first warm days of spring come, and man's blood begins to course more lively through his veins and the temperature rises, there is danger of a fever going to the head. We don't refer to any kind of a fever which the physician treats, but to a new species of fever which has not yet been classified and named.

It is a species of high speed motor fever to which reference is made. It produces recklessness and daring. It also leads to the obsession of certain very useful mental faculties, such as memory, caution and discrimination.

Its effect on the memory is to make one forget the rights to the streets which others possess, which are often a superior right to that of the motorist. It frequently paralyzes that recollection of the ordinances of a civic corporation which it is the bounden duty of every citizen, good or bad, to observe.

Its consequences are sometimes of the most serious nature, leading to disasters in which the victim of the motorist suffers oftentimes great physical injury and gives great pain to others, even at times causing the death of innocent persons.

Under the spell of such a fever, the motorist or bicyclist sometimes forgets that the streets of the residence sections have not been set apart as speedways for the high-powered-bone-crunching automobile, which, with a restless chauffeur in charge, can readily become a modern juggernaut. The fever has reached a high stage indeed, when the victim imagines that the streets of a city have been transformed into Marathon courses, and this stage of the ailment indicates that the patient needs rest and solid food, perhaps best enforced by confinement.

Let those who have in their care and keeping the great and pleasure craft called the motor vehicle watch for the first warning symptoms in their veins. When discovered, hunt not the doctor, but the policeman, and asked to be locked up until pronounced safe and sane again.

Don't forget!—Charleston Mail.

VETERANS TO MEET.

There will be a meeting of the camp on Tuesday the 25th day of May 1915, at Tazewell. I earnestly request all members of the camp to attend this meeting. The United Confederate Veterans Reunion will be held in Richmond June 1st to 3rd inclusive, and it is the desire of the local committee to make the reunion one of the grandest that has ever been held since its organization. They want every ex-Confederate in this land to attend. The belief that many of our comrades are not in financial condition to attend. The General Committee therefore, wants to assist them after arrival in Richmond, so that they will be in a position to attend the reunion.

I therefore desire all members of the camp, who are not in position to stand the expense of hotel and quarters, to attend our meeting on 25th of May, so their names may be forwarded to the Reunion entertainment committee. All veterans who will accept quarters of local committee will bring blankets. Sincerely Yours Comrade JAS. P. WHITMAN, Com.

FREELING NEWS NOTES

Freeling, Va., April 23.—James E. M. Hill, formerly a prominent citizen of this place, but now of Holescamp, is reported seriously ill at his home. Mr. Hill is about 65 years of age. In his younger days he was a large landowner and a successful farmer.

Mrs. Mary McFall, an aged lady of this place, had the misfortune to get her hand badly mashed by a block of stove wood which she was handling, a day or two since.

Misses Minnie and Grace McFall have returned home from Clintwood where they have been attending school, the session having closed.

Dr. R. L. Phipps, of Clintwood, passed through town on his way to the Cumberland station, where he was called on professional business.

H. R. Shipley, the sewing machine man, of Big Stone Gap, was in this section on business during the week.

Corn planting is progressive in this section, but planting will not be general until about the first week in May.

The hard frosts during the past week have damaged fruit to an extent, especially peaches and pears.

Forest fires have been quite common around this place during the past week, and considerable fence has been destroyed.
